

Shrikrishnadas Jajoo Grameen Seva Mahavidyalaya,

Pipri-Wardha

Best Practice

1. **Title of the Practice:** **Mentorship Scheme**
2. **Objective of the practice:** The objective of the mentorship scheme is to maintain regular and intensive connection, identify the problems and develop rapport with students for the comprehensive development.
3. **The Context:** Majority of the students are from rural community and economically deprived families. These students have an inferiority complex to ask difficulties in classroom and to participate in various co-curricular and extra-curricular activities, to overcome these problems the mentor facilitates the students and acts as bridge in subject teachers.
4. **The Practice:** In the session 2020 – 21 as the students get admitted in first year in the Institute, the co-ordinator of Mentorship Scheme prepares list of mentors and allotted mentee. This allotment list is provided to respective mentors and also display this to class notice board. The respective mentors carry these allotted students to the final year of the course, and act their parents in the Institute. Mentors arrange meetings of their respective mentees to highlight the purpose of mentorship scheme and maintain their academic and personal records and guide them. As required mentors contact mentees for all necessary Notices and important instructions.
5. **Evidence of Success:** As this practice has an regular and close contact with mentees it has shown a huge benefit in the COVID-19 lockdown period of online classes. There were many problems of students regarding online classes and lag in communication to the rural students. All the mentors personally contacted their respective

mentees for problems regarding online classes and communicated the important instructions given by the institute. Mentors encourage students by calling to get vaccinated, under vaccination program arranged mother institute 'Shiksha Mandal' and get all eligible students vaccinated to start offline classes.

6. Problems encountered and Resources required: In the Pandemic COVID-19 situation the Institutes are shutdown and economic situation was depressed in rural areas. So the rural students have to work in the fields, due to this they are not within reach to the live online classes and mentors. So, to communicate them was serious problem. Due to unawareness students change their mobile numbers or don't recharge to continue the service, leads to failure of mobile service.

7. Notes: This Mentorship Scheme is implemented in our institute from the educational session 2009 – 10.

Best Practice of the college

5. Title of the Practice: COVID-19 Awareness Program

6. Objective of the practice:(20)

1. To create awareness regarding COVID-Pandemic.
2. To provide Knowledge of preventive measures, care for Home Quarantine, Treatment and Post COVID-19 Care and Precautions.
3. To motivate Students and their family members for COVID-19 Vaccination.

7. The Context:(30) Due to COVID-19 Pandemic situation there is lack of knowledge and phobia for this Virus and its vaccination. As the working of Institute is online so, students from rural area are unaware about COVID-19 pandemic and its vaccination.

8. The Practice:(50) On date 15 May, 22 May and 23 June 2021 our institute in collaboration with Mahatma Gandhi Institute of Medical Sciences, Sewagram, Wardha has organised a program on 'Corona: Symptoms, Treatment and Vaccination' for students, their family members, fellow rurals, faculties, alumni, and members of sister Institutes. Medical guidance and counselling by Dr Arjun Kumar and Samiksha Bangde, Department of community Health, MGIMS has been taken. Online platform Zoom and Google Meet was used. Number of participants were 67, 76 and 41 respectively. The counselling doctors guide the audience, answer their queries and extended their help by providing 24 x 7 helpline of their Anji PHC centre.

7. **Evidence of Success:(40)** The outcomes of this practice are

1. Students get aware and they extended their awareness to their families and fellow rurals.
2. Students family members and fellow rurals were encouraged for COVID-19 vaccination.
3. All are ready to fight against this Pandemic.
4. This practice is acknowledged, recognised and appreciated by Govt. India's Mahatma Gandhi National Council of Rural Education (MGNCRE).

8. **Problems encountered and Resources required: (30)**

1. As majority of the students are from rural areas there is a problem of internet connectivity.
2. Rural students had a fear of asking questions.
3. As the course is in Marathi medium so students had problem to understand Technical Medical terms.

7. **Notes: (30)** This practice is acknowledged, recognised and appreciated by Govt. India's Mahatma Gandhi National Council of Rural Education (MGNCRE).
