RESEARCH POLICY

Aims of Research Policy:

The research policy of the college is designed as a general framework within which all the research activities of faculty and students may be carried out. The policy aims to create and nourish a research culture among the researchers with a view to develop and promote research aptitude of learners, and to create a conducive environment for research activities in the college.

Objectives of Research Policy:

- Social survey and Project work is to be promoted among students of B.A.(R.S.) to develop scientific temper, critical and logical thinking
- The research policy aims to create and support a research culture among the students and staff.
- To develop desired awareness, promote scientific temper and research aptitudes among staff and students.
- To take initiative for granting study leave to faculty members for research.
- To ensure quality, integrity and ethics in research.
- To identify and study rural problems (social, economic, agricultural, health and administrative problems) and develop proper understanding regarding rural problems among students

Importance :

- To promote multidisciplinary research
- To encourage and facilitate the publication of the research works in reputed National/International journals/UGC CARE listed journals.
- To establish MOUs Collaborations with other institutions and industries for widening the scope of research opportunities and obtaining funds to the teachers and students of the college.
- To undertake various research projects of social and academic importance.
- To create an awareness about patents and Intellectual Property Rights and motivate them to apply for patents.
- To create an ecosystem for innovations including Incubation centre and other initiatives for creation and transfer of knowledge
- To organize seminars/conferences/workshops on research methodology.

Scope of the Research Policy:

This Research Policy forms the basics of the research ethics of the college. This policy shall apply to all the researchers of the college including all members of the staff and students of

the college. This policy shall apply to all research-related activities coming under the purview of the staff and students of the college. The policy covers publication and presentation of the research outcomes and related activities which are meant to make research socially relevant. It also includes knowledge compilation and helping the researchers to gain access to new fields of research, resources required for research and to enable peer review of their research activities.

Promotion of Research and Innovation:

The college grants freedom to its faculty and students for

- to conduct research in their interested field,
- to approach any funding agency for financial support for their research work, and to report their findings and conclusions freely.
- to publish their research articles in UGC CARE listed journals.

The college shall strive to create a conducive environment and provides facilities and other resources for research. College motivates for writing research proposals and reports, publications etc.

Code of Ethics for Research

- All the researchers in the college are expected to maintain integrity, honesty and professionalism in respect of all the work undertaken by them.
- Since the college is affiliated to RTMN University, Nagpur, the college follows the rules and regulations of the University and U. G. C. regarding plagiarism.
- IQAC framed the mechanism of anti-plagiarism as UGC guidelines (Academic Integrity and Prevention of Plagiarism Regulation-2018) to maintain Academic Integrity and Anti-Plagiarism and also formed College Academic Integrity Committee

Research Cell

- The college have a well-defined research policy which provide a guideline for the researchers.
- College has Research Cell which is responsible for implementing research policy. The specific roles and functions of research cell are as follows:
 - To encourage and promote research culture in the college.
 - To identify the emerging areas of research and encourage the faculty members to undertake research in these areas.
 - To encourage researchers for original quality research.
 - Provide research facilities
 - To establish linkage collaboration with other institutions and organizations.
 - To encourage the faculty to undertake research by collaborating with other organizations/industry.
 - To establish suitable infrastructure in the college that will help to undertake different research projects.
 - Facilitate interdisciplinary research projects.
 - Organize workshop/ training programs to promote research culture and develop appropriate research skills among the students and faculty members.
 - To depute faculty members to various workshops, symposia, seminars and conferences in their respective fields as well as in areas of contemporary importance.
 - Encourage and promote researchers to publish their research articles in reputed refereed journals.
