Best Practice of the college - 2

1. Title : Amcha Gav Amcha Vikas (Cillage Development Scheme)

2. Objective: To initiate the process of development among villagers.

1. To always stay connected to villages
2. To address rural issues with subject matter specialist
3. To develop sense of social responsibility among students

3. The context: This program is named as 'Amcha Goan Amcha Vikas' organised by various department in villages in the college service area. The objective of this program is to stay connected with the villages with students and address rural issues by powering subject matter specialists. As we always deals with rural students and rural peoples there are many issues regarding their farm earnings, health and daily life stress. So we address these issues of priority such as farm related problems and stress in daily life. Suicides in Agrarian community are a major issue in our region.

4. Practice : Suicides in Agrarian community are a major issue in our region. So our institute design various village development programs which deals with farm related and improvement of life quality. Two programs were organized at village Peth (Anji) Th. and Dist. Wardha, for farmers and Experts Dr. Amol Zape, Dr. Pravin Chauhan, Chandu Lewade and Kohale provided guidance

5. Evidence of success: The program is well organized and rural peoples and the agrarian community was pre-informed, so many peoples were present for the

program at evening hours. The rurals discuss their problems and take guidance from the subject matter experts. All the communication with subject matter experts and geo-tagged photographs are maintained with college

6. Problems encountered: There is block in farmers mind to attend such programs. The timing of all farmers doesn't match due this reasons the activity was suffered to some extent.

7. Resources required: The main recourse required for this program is Subject Matter Expert (Specialists).
